Dear Staff,

As Thanksgiving approaches, I pause to reflect and give thanks to the Lord. I know many of us have a "list of blessings" and high on my list is the quality of our Misericordia Staff. You, our wonderful staff whom we can call our own here at Misericordia, are a very precious gift to me. As you know, I believe strongly that our residents deserve the very best. If we couldn't attract good, generous and dedicated staff – like you – then I would not believe we could reach our goal of providing the highest quality of services with challenging and life-affirming programs and social activities for our residents on our beautiful campus and in our CILAs. Our residents live happy lives with meaningful friendships and pride in their accomplishments nurtured by you, their loving staff. You make them feel loved, respected and accepted.

You share our belief that our residents deserve the "best life possible." It is true that if you came just for a "job" you probably would not stay for long. The work is too demanding! But if you have come to make a difference in the lives of some of God's most vulnerable people – especially those who can't create a good world for themselves – each day or night – after you have finished your work, you can pause and be grateful for the many opportunities which were yours! I am grateful you believe this enough that you are willing to make sacrifices to attain this goal!

God's most vulnerable people – our residents – need you often just to accomplish some of the most ordinary tasks of everyday living. How you approach them truly makes such a difference in their lives. You have the ability to make them feel valued. What a tremendous calling and responsibility is yours!

Our residents live good lives because of you. You give of yourselves in the belief they are unique individuals made by God – with a purpose to their lives. Every day our residents teach us important lessons on living life on God's terms. They teach us to find the beauty in the unexpected and in what some would deem "imperfect" happenings in life. I thank God Misericordia has been blessed with staff who understand and embrace this; who find and accept the "person" within every resident. Together we generously and lovingly share our lives.

Let us all join in thanksgiving for each member of our Misericordia Staff! In sharing life with God's special people you are our angels. How blessed we are!

Thank you and God's blessings on you and yours! May this month of Thanksgiving be a joyful one with family and friends.

With loving gratitude,
Sister Rosemary

VETERANS DAY

from National Today

Veterans Day, observed annually on November 11, is a tribute to military veterans who have served in the U.S. Armed Forces. Not to be confused with Memorial Day, which honors those who died while in service, Veterans Day honors all military veterans, including those still with us. You might have seen a new member of security, George Tonyi, making the rounds over the past year, but have you seen his artwork? He grew up near the museum in Lagos, the capital of Nigeria, where he observed, and then trained under, various local masters for decades. He would eventually exhibit his own art at the Nigerian National Museum (and, most recently, the Evanston Art Center). He prides himself in his deep research of materials and techniques for painting and etching, among other media, and shared that his work is inspired by his life experience and observances both in Nigeria, as well as right here on the campus of Misericordia. Take some time to view his work for yourself and see the talent and beauty that comprises the community of Misericordia.

HR AND STAFF DEVELOPMENT

EMPLOYEE VIRTUAL TRAINING EXPO

Our Virtual Training Expo can be found [here](#) or provided by a supervisor. **This is a mandatory training that all staff, regardless of their role, must complete by Wednesday, November 17th.**

As always, the Staff Development department continues to be extremely appreciative of your efforts in ensuring the completion of these training initiatives. We remain aware that these are challenging times, and greatly appreciate all that you do! It is our hope that the topics discussed in the Powerpoint presentation will serve as an aid to staff, by providing helpful reminders and rejuvenation!

PM AND OVERNIGHT SHIFT DIFFERENTIAL ADJUSTMENT

Effective 11/14/2021, the differential for the PM and overnight shifts will be adjusted from 75 cents to \$1.50 per hour during the weekdays. This applies to all non-exempt employees working PMs and overnights - not just DSPs and CNAs. PM and overnight weekends will remain at \$3.00 per hour. Weekend AM shift differentials will also remain the same at \$2.00 per hour. This adjustment is to recognize the time-related challenges that these shifts present for our current employees and to attract additional employees to help reduce our openings on these shifts.

PHI BOOSTER THE STRATEGIC QUESTION

The latest PHI E-Booster in our Building a Coaching Habit series is now available on Stream. We invite you to take five minutes to check out "The Strategic Question" by clicking [here](#).

So often, we find ourselves saying yes to projects and commitments without thinking through what those new responsibilities will entail. How do we make good, conscious decisions to say yes...or to say no to certain requests without adding to our already full plates? Check out The Strategic Question for answers!

CREATING OPPORTUNITIES

OUR RECENT HIRING EFFORTS

Please know that Misericordia is working hard behind the scenes to hire excellent staff to build your teams to join the quality care that you are providing to our residents. COVID restrictions have resulted in many changes to our hiring practices. For those of you who have been at Misericordia for over 2 years know that prior to hiring any new staff, we asked that every potential employee in direct care complete an observation in the area that they were being considered for.

This allowed for potential employees to learn more about the position and it provided an opportunity for team members to give feedback on the potential new hire. COVID restrictions required us to stop that practice to ensure the safety of the residents and the staff. We recognize that this is a very important step in finding quality staff and it is our hope to reinstate this soon once we finalize the parameters around this practice.

In addition, we want you to know that every day our recruiters are working hard to bring in new employees. The numbers below will help you understand their amazing efforts. As you can see, Misericordia does look for the right fit for our residents and our teams. While we receive many applications, there is much time and effort in choosing employees that are truly committed to the mission. We also know that having the right person to work alongside each of you is important and we do not take that lightly.

CREATING OPPORTUNITIES

YOUR VOICE MATTERS

Over the past year, Misericordia leadership has offered several inclusive opportunities for employees to provide input. Power hour listening sessions, 1:1 meetings with Fr. Jack Clair, monthly team meetings, and small group feedback sessions in your areas are taking place. In addition, four Strategic Imperative Teams (SIT) were created to help us dig deeper into the challenges related to retention and engagement. These teams made up of DSPs, QIDPs, Supervisors, and Social Service worked for three months to pull together recommendations to address how to get good staff and how to keep our current employees. As a result of their recommendations, here are several of the changes that will be taking place:

- In order to set the new staff up for success, the QIDP role in this process has been clarified and a revised checklist to help support the QIDP and employee has been created. All QIDPs will participate in a learning module to further explain this recommendation.
- Intentional trainer positions in areas will be created to help bridge the gap between the training and work culture.
- Continued work around welcoming new staff will take place in each area.
- More communication around employee resources will be shared - keep an eye out for this in our Campus Connection Newsletters.
- Continued commitment to hold campus-wide culture listening/discussion sessions.
- Continued investment in providing growth opportunities through our S.E.E.D.s program/Fit for Success

Gathering your ideas and hearing your perspective helps all of our work together differently and it keeps #MisericordiaStrong. If you are interested in participating in future SITs, please contact your administrator.

Pictured: Houses in a Row (Carolyn S); Galactic Snacks (Johnathan K); Earth, Sea, and Sky (Maggie L). [Click here](#) to see a recording of last night's auction and view the gallery of pieces [here](#).

On the evening of November 9th, people from all over logged on to watch the 24th annual Artist in All event. Things looked different again this year and we had to hold the event virtually but one constant remains—the quality and artistic talent of our residents. This event was sponsored by our very own Siblings group and they did all they could to help support this fundraiser. Even though we could not celebrate this event in person, anyone who tuned in really felt the energy and excitement of showcasing wonderful and creative artwork designed by our amazing residents under the guidance of our talented instructors from the ART department, McAuley School, McAuley CDS program, McAuley Recreation Therapy, Personal Effectiveness Program and Recreation and Leisure program. Thank you to everyone who helped make this event successful.

COMMUNITY DAY SERVICES

Pictured: Rhonda K in a tuk-tuk (i.e. rickshaw/taxi common in India); men from the CILAs visiting the statue of Gandhi; residents in A.R.I.S.E. learning about geography by reading maps and globes.

CDS participants from Engage Chicago focused on building community connections by learning about the Diwali celebrations taking part in our neighborhood. Diwali is the Indian New Year and rolls up some of the things we love best into one holiday: fireworks, dressing up, family, and sweets! We talked about the reasons people immigrate from one country to another and how important it is to welcome them because they want a better life and are very courageous to leave their homes. Participants discussed the challenges people can face when they move, and how they bring their traditions like food, clothing, language, religion, and holidays with them, and how they share their traditions with our community. Our participants enjoyed exploring the neighborhood, looking at the clothing shops, restaurants, and the decorations that were up in preparation for the holiday.

COMING SOON DIVERSITY, EQUITY, AND INCLUSION CURRICULUM MISERICORDIA RESIDENTS

In response to previous listening sessions, we are proud to announce that members of CDS, the Behavior Department, and PR/Development, as well as residents from McGowan and the CILA, have been working with outside agencies to develop a curriculum about diversity, equity, and inclusion for residents here at Misericordia. Please stay tuned for more information.
